MEMORANDUM FOR: The Director of Central Intelligence

SUBJECT: Telephone Call from Carl Marcy

1. Carl Marcy tried to reach you again by telephone this morning at 9:20 and the call was transferred to me. Marcy stated that he was sorry that he had missed connections with you yesterday. He pointed out that he and the Committee were receiving many calls from the Press concerning the time when CIA representatives would respond to the Committee invitation to appear.

2. Marcy stated that he was somewhat afraid that one of the members might issue strong statements about the failure of the Agency to work out a mutually convenient time for a CIA representative to appear. He again stated that the purpose of the appearance was to "inform the Committee about the situation in Iraq."

3. Marcy stated he had no alternative but to be frank in responding to queries about possible CIA appearances in view of the fact that he had talked with the Agency five or six times in attempting to set a satisfactory time. Without making any commitments, I told Marcy you would not return to the office until approximately one o'clock and that I would attempt to contact him as soon as possible.
